It starts with a hot, healthy breakfast...

Fiscal Year 2019 Annual Report
It starts with a hot, healthy breakfast. Manna House provides the homeless and poor of Baltimore City with goods and services to move towards independence and stability.

We help transform people’s lives by feeding them first.

ABOUT MANNA HOUSE
• 53 years of serving the homeless and poor
• Open 365 days a year
• 8 dedicated staff employees
• 17,548 volunteer hours
• 72,084 breakfasts and occasional lunches served
• Additional services:
  • Drop-in center
  • Case management
  • Clothing
  • Showers
  • Medical referrals
  • Job assistance
  • Housing assistance
  • HIV, Hep C testing
  • Transportation tokens

Located on 25th Street since 1987, Manna House was started by the Midtown Churches Association when they recognized a critical need for services for the poor and homeless in the area. Dr. Emora Brannan was the first president of its board of directors and is still active today as a board member.

OUR MISSION
To offer assistance and support to the homeless, poor, and needy of Baltimore with services contributing toward their independence and stability.

OUR VISION
Manna House’s vision is for the citizens of Baltimore to have the support and assistant they need to live an independent and stable life.
DEAR FRIENDS

Shelter, hunger, poor physical and mental health, job loss and fears of being vulnerable to violence and arrest are among our clients’ concerns. Unaffordable housing, domestic violence, mental illness, aging out of foster care, addiction and foreclosure are some of the difficult events that bring clients to Manna House.

We are a welcoming setting where the poor and homeless can enjoy a nutritious breakfast seven days a week. Our reliable 365 days/year hot breakfast program and occasional lunches serves more than 72,000 meals a year, primarily to the homeless in Midtown Baltimore City. The program is made possible, in part, by a creative system of individual, church and business-based volunteers who feel a moral imperative to help their neighbors in need.

Through a large network of business, church, school and community-based organizations, volunteers help pay for and serve breakfast to approximately 200 people that come to Manna House daily. The meal we serve might be eggs, potatoes, oatmeal, fruit and coffee, or it may be chicken cordon bleu with all the trimmings. The menu is largely dependent on the donations that we receive.

After breakfast, the homeless can stay indoors in our Day Center, take showers and receive clothing. Case managers work with the homeless on all issues that they are facing.

With gratitude,

Saleem Gauhar

THANK YOU

I sincerely thank the Baltimore community for your interest in and support of Manna House. Your generosity is truly inspiring.

For 53 years Manna House has been assisting and supporting Baltimore’s homeless and poor by providing hot healthy meals, clothing, shelter and other valuable services. While Manna House and similar organizations hope to see a decline in the need for our services, statistics show that the number of individuals seeking our services has steadily increased. To meet these increased challenges, Manna House has embarked on a Capital Campaign (discussed below) to better serve our clients.

Manna House has a small permanent staff of eight dedicated individuals. However, we are most proud of the 17,548 volunteer hours donated by local schools, community civic organizations, churches and individuals who care. The value of these volunteer hours translates into thousands of dollars in savings.

The BREAKFAST CLUB – to help fund our breakfasts, several years ago we established the “Breakfast Club” whereby donors who contribute $500 pay for one day’s breakfast for approximately 200 individuals. The membership includes individuals, families, businesses and faith-based organizations. Currently the Breakfast Club covers over 200 days of breakfast and I encourage those who are able to join the Club and help us meet our goal of funding all 365 days through the Breakfast Club.

Lastly, we pay tribute to Saleem Gauhar who will soon be retiring after 30+ years of dedicated service to Manna House and who has served as our Executive Director for the last nine years. Through Saleem’s leadership, he has navigated through difficult times with a vision of expanding services to Baltimore’s most vulnerable and his vision is in the process of becoming a reality.

Dennis S. Cameron

President, Board of Directors
Our Services
After the morning meal is served...

It starts with a hot, healthy breakfast, 365 days a year to approximately 200 men, women, and children daily. After the morning meal, we provide services and support to tend to our clients' physical, emotional, and/or spiritual needs the remainder of the day. Each client is unique and may be struggling with different challenges – among them poverty, mental illness, homelessness, drug addition, HIV/AIDS, abuse, and other stressors.

**Drop-In Center Visits**

*9,045 visits*

Clients can take advantage of a variety of services in our Drop-In Center. Food referrals, case management including paperwork and referrals, and access to clothing, showers, and more. A safe refuge from the outdoor elements.

**Clothing & Hygiene Kits**

*7,000 kits distributed*

Manna House collects clothes and hygiene items year round. Clients receive clothing; hygiene items are packed in kits and provided as needed.

**Showers**

*2,358 showers provided*

Fully-accessible shower open five days a week; Manna House supplies towels and toiletries.

**Health Screening**

*325 HIV and Hep C Tests*

In collaboration with partner agencies we provide on site screening for a variety of conditions.

**Health Referrals**

**Combined 205 Mental Health and Substance Abuse Referrals**

Manna House works collaboratively with several medical facilities to allow clients to receive on site healthcare and referrals for appropriate specialists.
In 2017, the Board of Directors approved a Capital Campaign to build a new kitchen addition and renovate our existing facility that consists of three 100 year old contiguous row houses. Our current kitchen is extremely small and our dining area seats only 23 clients at one time. Working with contractors throughout most of 2018, rising construction costs proved far too expensive to execute our original and alternative designs. In late 2018, we were presented with the opportunity to purchase, which we did, the rowhouse immediately next to our facility. This rowhouse adds an additional 4,780 square feet to Manna House and includes a commercial kitchen with multiple appliances. Total estimated project costs to include the purchased rowhouse and a new staff/volunteer room will costs approximately $2.2M. When completed, we will have added room to seat 50+ clients, triple the size of our kitchen, renovated bathrooms, showers and case management offices and complete needed repairs to the roof, basement and parking lot areas. Building permits have been submitted to the City and we anticipate construction to start before the end of the year.

Our Capital Campaign fundraising efforts to date has been gratifying. As of June 30, 2019, we have pledges of approximately $1M of which we have received approximately $800K. We have 100% Board participation and five and six-figure pledges from several individuals, as well as Baltimore and Annapolis’ most generous foundations. We are in the process of applying to a number of additional foundations seeking grants to get us over the top!

Our History
HISTORY

Manna House activities began informally – handing out bags of food to the poor and needy in the community. Since those early days, the organization expanded to provide a full range of services that advocate for the poor and homeless in the area.

Date of Incorporation as Midtown Churches Community Association, Inc.
June 24, 1966

Midtown Churches Community Association, Inc. Soup Kitchen Opens
1973 / Manna House's predecessor organization, Midtown Churches Association, opened a soup kitchen to assist the many community members who were knocking on church doors asking for food. Several churches in the mid-town area who wished to help community's less fortunate. The original location was in a row house on St. Paul Street. In 1986 the location moved to North and Calvert.

Volunteer Awards Dinner
1985 / Awards being presented at annual Volunteer Dinner...

Soup Plus Advocacy Program Created
1986 / A grant from Hands Across America allowed the association to launch a supplemental program called “Soup Plus Advocacy.” Soup Plus Advocacy reached out to agencies city-wide to locate the resources that its clients needed.

Emergency Church Shelters Opened
1986 / In the winter, St. Mark’s Lutheran Church, St. Ann’s Roman Catholic Church, and Brown Memorial Church opened the Emergency Shelter Program to provide 175 beds to homeless men, women, and children.

Transitional Housing Program
1987-2004 / To carry out a transitional housing program, in 1987, the association rented an apartment house, and then in 1988, purchased a home to house families for 12-18 months. For the duration of transitional housing program, 36 families received shelter.

Soup Kitchen and Administrative Offices Move
1989 / The soup kitchen and administrative offices move to their current location at 435 E 25th Street.

Literacy Programs and Mentoring, Education, Employability Training (MEET)
1989-1996 / The Maryland State Department of Education provided funding to train individuals who wanted to become mentors. A Mentoring Handbook was created. Both the Literacy and MEET programs operated within the shelters and soup kitchen.
Extra Care Program
1990-1993 / In 1989, a citywide committee working with the Department of Social Services, Visiting Nurses Association, and others, began a motel program to address the lack of shelter for homeless persons being discharged from the hospital. A grant from the State of Maryland allowed the purchase of a nursing home for an Extra Care Program that included: 24-hour staff, meals, and medical personnel. Unfortunately the project was discontinued because the building suffered extensive damage after it became the target for break-ins and vandalism.

Rev. Dr. Emora Brannan
1995 / Rev. Dr. Emora Brannan, the first Board President and a seminary professor, volunteering at Manna House. Over the years, Rev. Brannan developed a close personal connection with Manna House and is currently serving as a member of the Board of Directors for Manna House.

Men’s Health Project
2011-2015 / The Manna House Men’s Health Project was a partnership with Baltimore City Health Department, Health Disparities Initiative. It used the “barber shop engagement” approach, because barbershops are uniquely positioned for health outreach to African American men. Community Health Outreach Workers (CHOW) engaged with underserved minority men waiting for services at the barber shops, assessed their health needs, assisted them in obtaining valid identification documents, enrolled them in a health care insurance program as needed, connected them to a health care provider, made needed referrals and provided transportation to and from appointments.

A Dedicated Volunteer
1990 / Aaron Bloom volunteering his time with Manna House in the kitchen. Aaron, a former Board President, still comes to Manna House every Tuesday to help out wherever he is needed.

Midtown Churches Community Association, Inc. Becomes Manna House, Inc.
1994 / Manna House, Inc. becomes the new name for the Midtown Churches Community Association, Inc. The new name better reflected the involvement of the community in the organization. In addition, an expanded governing board formed, a diverse group with one central goal of helping the homeless and poor.

Expansion
2000-2005 / In 2000, Manna House was gifted the adjacent building for the express purpose of providing additional services to clients. A Drop-In Center was opened for clients following their morning meal. Generous grants from the ABELL Foundation, Northern Community Foundation, Atholton Donor Advised Fund, France-Merrick Foundation, and The Goldsmith Family Foundation funded the expansion to combine the two buildings. The expansion created a larger dining room although it seated only 23, clothing room, meeting room, hospitality room, showers for clients, laundry room, elevator and sprinkler system. In April 2005 the work was completed and the additional services began.

The Next 50 Years
2015 / By 2015, Manna House was serving more than 60,000 meal annually. By 2018 the number of meals served exceeded 71,000 and we expect these numbers to continue to grow. Once again, the Board of Directors has assessed that Manna House has outgrown its home space. A Capital Campaign is underway to plan the space for Manna House’s 2nd one-half century.
**KELLY’S STORY**

In 2015, I was renting a room in house with roommates in Charles Village. The landlord of the house terminated the lease for all tenants ending that year because he decided to sell the house without notification to the current tenants. At the time, I worked a low-paying customer service job and could not afford rent above $300. During this time, I was also laid-off from the job I held.

I moved into a temporary living arrangement with friends who gave me 30-days to locate housing and new employment. I was not successful in finding either, so they asked me to leave their residence. Since I do volunteer work with my church, I am very familiar with Manna House. Expecting to live in a shelter until I could find a more permanent situation, I walked in and asked where I should start to seek housing and food resources. The two ladies at the front office, Valerie and Patty, were very receptive, kind, and helpful. They informed me that they knew of a job opening for a House Manager at a program designed for women who were formerly homeless women and/or women rebuilding their lives after drug addiction, sex trafficking, and physical abuse. I was asked to return the following day, which I did. I was given the name of the CEO of Center for Creative Life and Learning, Inc. in Baltimore.

After meeting with Center for Creative Life and Learning the following day, I was accepted into the House Manager’s Apprenticeship Training Program and was also accepted as a program participant. It is a very organized and structured program, requiring residents to commit to education through enrolling in school or a training program, keeping the home clean and organized, taking personal care of oneself, devoting to spirituality and religion through bible study, and to self-improvement through participating in activities, taking advice from mentors, and communicating with guest speakers. I stayed with the program for 18 months and developed myself while acquiring job skills and self-confidence. Through those 18 months, I watched residents come and go quickly because they were not ready to commit and live their lives in new ways.

I have since moved on from CCLAL, live in an apartment downtown and have a job at university. I am very grateful and appreciative for meeting Valerie and Patti and for the services offered by Manna House when I endured that difficult, frightening, and very uncertain time in my life. Without the help given to me, I do not know where I would be now or what would have happened to me.

From the bottom of my heart, thank you.

**MICHAEL’S STORY**

Michael has known Manna House for almost 20 years. While he has received services, Michael also worked as a dishwasher at Manna House for ten years. He now enjoys the camaraderie.

“I like that it’s convenient. I’m right across the street. I like that they provide clothes and that they feed you. I like the people and the staff — the staff is really friendly towards me.”

Michael also has a special place in his heart for Manna House, because it’s where he met his wife Saundra. “Yes, we met here! I was a dishwasher at the time, and she was a client. She came in and she saw me back there working and she came up and asked me to come to her house for dinner and I was like ‘sure!’ Next thing, the relationship just blossomed…we’ve been together 18 years!”

When asked what Michael wants others to know about Manna House, he said that “Manna House really does help people regardless of creed, color, national origin, what have you. They’re about helping people.”

“I do not know where I would be now or what would have happened to me.” -Kelly

“Manna House really does help people regardless of creed, color, national origin, what have you. They’re about helping people.” -Michael
Thank You

Helping Up Mission
We are delighted to thank the many volunteers who give talent and time to Manna House and who, through their many gifts, bring comfort and hope to our clients. So many of you share in the work of Manna House, we know that the following is not complete.

Likewise, we thank all the volunteers who serve throughout the weeks and months. We treasure your loyalty – to the agency and to the clients who do enjoy seeing a familiar, friendly face.

To the many faith communities, businesses, and other groups and individuals who collect toiletries, clothes, and food for our clients, we send heartfelt gratitude. To our Breakfast Club sponsors, thank you!

For those able to join us and/or support our Annual Fundraiser, thank you for your support! The Bull Roast is a main fundraising event for our clients in need.

GET INVOLVED

More than 72,000 meals served last fiscal year, hundreds of hygiene kits assembled, thousands of clothing items sorted and categorized, and clothing provided to 2,000+ people. This is only possible because of volunteers. This year our volunteers contributed 17,548 hours of their time to Manna House. There is no way a staff of six full-time and two part-time employees can provide these services without help.

How can I help?

HELP SERVE
Help serve breakfast from 8 AM – 10:15 AM. We understand the need to come late or leave early, so don’t worry if your schedule cannot conform to those exact hours.

SORT CLOTHES
Help maintain our clothing room; receive, sort, and categorize clothing; and fill orders that clients have placed.

ASSEMBLE KITS
Help in other general areas: assembling hygiene kits, data entry, cleaning, and more.

MISCELLANEOUS
Help is always needed in light electrical, plumbing, and HVAC
